

Photon.Pun.Simple.SyncTransform.
InterpolateFrame

Photon.Pun.Simple.SyncTransform.
OnInterpolate

Photon.Compression.Matrix.Lerp

```
graph LR; A[Photon.Pun.Simple.SyncTransform.InterpolateFrame] --> C[Photon.Compression.Matrix.Lerp]; B[Photon.Pun.Simple.SyncTransform.OnInterpolate] --> C;
```

The diagram illustrates a dependency or inheritance relationship. On the left, two white rectangular boxes with black borders contain the text 'Photon.Pun.Simple.SyncTransform.InterpolateFrame' and 'Photon.Pun.Simple.SyncTransform.OnInterpolate' respectively. On the right, a gray rectangular box with a black border contains the text 'Photon.Compression.Matrix.Lerp'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that the two source methods are associated with or point to the target method.
