The diagram illustrates a dependency or relationship between three code components. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Photon.Compression.HalfFloat.Half.ConvertToFloat' and the bottom box contains 'Photon.Compression.HalfFloat.Half.operator float'. On the right, there is a gray rectangular box with a black border containing the text 'Photon.Compression.HalfFloat.HalfUtilities.Unpack'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both the 'ConvertToFloat' and 'operator float' methods depend on or utilize the 'Unpack' utility.
