

MonoBehaviour

```
classDiagram
    class MonoBehaviour
    class Sink {
        +TaskComplete
        +humanChore
        +dirtyDishes
    }
    Sink --|> MonoBehaviour
```

The diagram shows a class hierarchy. At the top is the 'MonoBehaviour' class, represented by a rectangle with three horizontal compartments. The top compartment contains the class name. Below it are two empty compartments. At the bottom is the 'Sink' class, represented by a rectangle with three horizontal compartments. The top compartment contains the class name. The middle compartment contains three public attributes: '+ TaskComplete', '+ humanChore', and '+ dirtyDishes'. The bottom compartment is empty. A blue arrow with an open triangular head points from the 'Sink' class to the 'MonoBehaviour' class, indicating inheritance.

Sink

+ TaskComplete
+ humanChore
+ dirtyDishes
