The diagram illustrates a class hierarchy. At the top is the 'MonoBehaviour' class, represented by a rectangle with three horizontal compartments. The top compartment contains the class name. Below it are two empty compartments. A blue arrow with an open triangular head points upwards from the 'Photon.Pun.Demo.Cockpit.Forms.LoadLevelUIForm' class to the 'MonoBehaviour' class, indicating that the former inherits from the latter. The 'Photon.Pun.Demo.Cockpit.Forms.LoadLevelUIForm' class is shown as a rectangle with three compartments. The top compartment contains the class name. The middle compartment lists two public attributes: '+ PropertyValueInput' and '+ OnSubmit'. The bottom compartment lists three public methods: '+ Start()', '+ EndEditOnEnter()', and '+ SubmitForm()'.
