The diagram illustrates a flow of control or data. On the left, there are two rectangular boxes. The top box contains the text 'Photon.Pun.PhotonHandler.OnEnable'. The bottom box contains the text 'Photon.Realtime.Demo.ConnectAndJoinRandomLb.Start'. On the right, there is a single, wider rectangular box with a light gray background, containing the text 'Photon.Realtime.ConnectionHandler.StartFallbackSendAckThread'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box. The top arrow starts from the right side of the top box and points to the top half of the right box. The bottom arrow starts from the right side of the bottom box and points to the bottom half of the right box.
